Dear Parent

Walk to School Week

We would like to encourage children to walk to school whenever possible. Our aim is to promote healthy lifestyles and also to alleviate the congestion outside the school.

For these reasons, we will be holding a 'Walk to School Week' commencing 7th November. We would like to encourage children to walk to school, either from home or from Hooper's Field (parents could park there and accompany children to school on foot – directions to Hooper's Field are available on our website).

We will also be having a poster competition. We would like children to design a poster at home that promotes walking to school. We are hoping to put the winning entries onto our school website as part of our campaign. Please could all entries be on A4 paper and be submitted by 2nd November to their class teacher?

Your cooperation is greatly appreciated.

Yours sincerely

Lis Bowie and Judith Golec
